Hixburg

Hixburg, July 16.- The weather this morning is cool and pleasant. Quite a change in temperature, as yesterday it was extremely hot early in the day. Showers are making the crops grow, and the grass and weeds, too.

The community is deeply interested in the condition of Mrs. E. H. Carson and Mrs. Sam Drinkard, who were in an automobile accident near Holliday Lake last Friday. They are in the Lynchburg General Hospital and we are hoping for good news each day.

A miscellaneous shower for Mrs. Sidney Brockwell (nee Ruth Swan) was given by Mrs. Jimmie Young and Mrs. Rob Martin at the home of Mrs. Young on Saturday, July 13th at 8 o'clock P. M. The party was well attended and nice gifts and a good time were reported.

H. B. Swan, of Bluefield, W.Va., visited his kin people here last week.

Carrie Hix, who is at home here for the summer is spending a few days in Richmond this week.

Mrs. E. W. Gilliam spent Monday with her sister, Mrs. Joel Watkins in Farmville.

Misses Emily and Patty Featherston and Mrs. J. B. Terry called to see Mrs. H. M. Marshall and Mrs. E. W. Gilliam Sunday evening.

Mrs. E. P. Sears spent Monday with Mrs. H. M. Marshall.

Miss Sallie Marshall, who has been staying with Mrs. E. M. Sears for some time, left for New York City last week-end.

Uncle Sam Says

The raising of the flag is always a wonderful thrill. This statue of the scene on Mount Surabachi which now stands across from the Navy Department in Washington, D. C., our nation's capital, recalls the back-the-attack spirit and your deeds as a wartime bond buyer. My slogan for you today on the first peacetime Flag Day since 1941 is "Now Back Your Future." Continued investment of part of your earnings in savings bonds is consistent with devotion to the flag. Old Glory symbolizes the security which savings bonds assure.

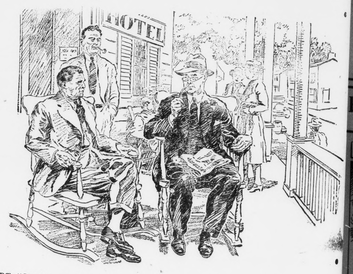
THE OLD JUDGE SAYS...



ART: "Saw you at the movies last night, Judge. That was quite a weekend that alcoholic went through, wasn't it?"

OLD JUDGE: "Sure was, but I'm afraid most people won't really understand it."

ART: "What do you mean, Judge?"

OLD JUDGE: "Simply this. That poor chap was really a sick man ... not just a drunk. Studies by famous psychiatrists and the medical profession show that alcoholism is *not caused* by a craving for alcohol ... it is usually the result of some deep-rooted social, physical or emotional condition. If that fellow had not turned to alcohol for escape he would have turned to something else.

ART: "Are there many that get in the condition, Judge?"

OLD JUDGE: "Fortunately not, Art. Scientists at a great university have stated that approximately 95% of the people who drink do so sensibly. Only 5% are immoderate at times. In that 5% is the small number known as alcoholics. And the beverage distilling industry which does not want a single person to use its product immoderately, is cooperating fully in the solution of this problem."

PRODUCTION IS SOLUTION TO BATTLE FOR FOOD

Forecasting "an excellent outlook" for U. S. farm production this season, Dr. Harry M. Love, head of the agricultural economics department at VPI, warns, however, that reports indicate little more than "a breathing spell from famine" next winter for countries in Europe and Asia.

Severe food shortages, says Dr. Lowe, will likely continue well into next year in those densely populated continents, despite this year's harvest in the United States and abroad. Wheat continues to be one of the most urgent needs in the food-deficient countries, with the result that North America will undoubtedly be forced to divert more grain from animal feeding.

"The age-old battle for food is on," declares Dr. Lowe, "and the only solution is production and more production."

CLUB AGENT IS CITED BY USDA

Announcement has been made recently by the U. S. Department of Agriculture Extension Service that Gordon A. Klean, State Boys' 4-H Club Agent at the Virginia Polytechnic Institute, was cited for 25 years of service in 4-H Club work by M. L. Wilson, Extension Director for USDA.

APPROPRIATIONS MADE FOR FARM LOANS

About 123,150 loans can be made throughout the United States to individual family-type farmers and World War II veterans through the Farm Security Administration during the fiscal year beginning July 1, according to preliminary information received by William C. Turnbull, FSA Supervisor for Appomattox and Amherst Counties.

Loans will be made from a $121,927,200 fund authorized by Congress for the purchase of family-type farms and operating needs. The return of veterans to farms and small farmer needs in reconverting to peacetime production has made the demand for the FSA loans more urgent than ever, officials said. "For the past several years the demand has far exceeded the money available and we have not been able to meet adequately the rising need for assistance," said Administrator Dillard B. Lasseter. It is estimated that about 7,100 families can obtain loans to buy farms under the farm ownership program, 3,500 of them World War II veterans for whom half of the $50,000,000 farm ownership appropriation was earmarked by Congress, the same as last year. Loans are made to farm tenants, sharecroppers, laborers and veterans under this program to enable them to buy family-type farms. Forty years at three per cent are the terms. Loans are made only when the price of a farm is in line with the long time earning capacity value. Inflated land values have reduced the volume of loans in the past few years.

Millions of you await your newspaper boy every day. He is important to me and to you. He is the citizen of tomorrow. He may be your lawyer, doctor, business man, mechanic, engineer, manufacturer, and, perhaps, your President. 800,000 newspaper boys like Jimmy sold $179,-$25,938.50 in War Stamps and Bonds. Now that the war is over, Jimmy hasn't stopped buying savings stamps and bonds. I am proud of the way Jimmy backed the attack against our enemies—I am equally proud of Jimmy now for backing his future.
